

NAVAL REPORTED IN JAKARTA

# coup is 'crus

Replicas of this trophy, designed and made by Mr. Hermann Wald (above), the well-known South African sculptor, will be presented to the Junior Chamber of Commerce's Four Outstanding Young Men of the year.

The presentations will be made during the chamber's National Convention Week, from October 10-15.

The F.O.Y.M. were selected by a distinguished panel of judges. Entrants came from various parts of the country.

The trophy stands 20 in. high, and was made from fibreglass, tinted in bronze.

The design is symbolic and represents four hands holding the world. Standing on the globe are the intertwined figures of a man and a woman supporting each other.
